

CALGARY ROCKIES F.C.

AFFORDABLE EXCELLENCE
WHERE KIDS COME FIRST

EQUIPMENT POLICY

Calgary Rockies FC will have extra equipment for players to use during the Season Launch Period (Sept/Oct for Indoor and April for Outdoor) for training, technical and academy sessions. After this time period, Calgary Rockies and its coaching staff will not be responsible to provide extra equipment; the onus will be on the player.

It will be required for each player to bring the following equipment after the initial Season Launch period:

- **An appropriately sized ball** (U7-8: size 3, U9-12: size 4, U13+: size 5). Rockies balls are preferred. Other balls are permitted provided they are the correct size.
- **A Rockies backpack.** The Rockies Backpack is designed with a top pocket that is used as a medical pouch in case of emergency. All of our coaches are trained to check this pocket before any other location and often in an emergency, each second matters. Epi pens, puffers and other medication is required to be kept in this pocket and thus we ask that only Rockies backpacks are used in the club.
- **Rockies Practice and Academy training gear:** Grey Training top, blue shorts and socks
- **Rockies Performance Technical Session/IDP/Group gear:** Black Performance Training Top, Black shorts and socks
- **Rockies TrackTops and/or Hoodies** worn to each game event.

Gear and equipment from other clubs are not permitted at any Rockies events. Logos can be covered with Rockies badges available in the club store.

CLUB STORE

Should parents need extra gear or equipment, our Rockies store has the most affordably priced gear that is Rockies approved: <https://crfc-clubstore.square.site/>.
